Champion Beer

Eisbock – Justin Murphy

Wins a day brewing with Matt at St. Peter and free entry to the American AHA National Homebrew Competition.

Champion Brewer

Barry Cranston – 19 points

Wins free "all sessions pass" to the Australian National HomeBrew Conference.

All category winners will receive prizes as soon as practically possible. Look forward to some products from the sponsors on the page above who have helped to make this happen.

National Competition Entry

All those beers placing first, second or third in category are eligible to enter the national competition. I will post full details on how to do this as soon as possible. Brewers may enter the same beer or a different beer in that same category (it does not necessarily have to be in the same style).

Notes

We got a very large number of entries for the competition this year (a record?), 413 in total. Judging was split into a number of judging tables, with two judges per table, to avoid judges suffering from palate fatigue late in the day (some judges were fighting through it by late Sunday afternoon). The beer delivery to these tables was organised such that no beers were judged by entrants themselves.

To reduce variation between tables of judges, winners of each flight were decided by best-of-flight rounds between the best few beers. Thus, the highest placing beer may not necessarily be the winner of the round.

Due to this, the overall best-of-show beer was the highest-scoring of the category winning beers.

Champion Brewer was decided by points in total – 3 points for first in category, 2 points for second and 1 point for third.
